

GREEN 1000 SERIES

TOUCH-FREE ELECTRONIC LAVATORY FAUCET

SPECIFICATIONS

Electronic lavatory faucet activated by infrared sensor. For hot and cold water. Solid brass one-piece construction.

Available with an internally mounted 9V battery, externally mounted 9V battery or a 9V transformer. Filters included. Sensor range is adjustable by remote control. Other sensor settings (delay in, delay out and security time) can also be adjusted by remote control. Faucet will automatically shut off after being used for more than 90 seconds. Sensor features a low battery level indicator.

OPERATION

Touch free electronic faucet .The faucet is activated automatically when the user brings his hands within the sensor range, and stops when the user removes his hands.

APPLICATION

Deck mounted faucet combining an elegant design with anti-vandal features. Helps washrooms stay cleaner and save water. Prevents cross contamination.
